of Metro Detroit

Michigan Concussion Law

Beginning June 30, 2013, Michigan lawmakers passed a law stating that all adults associated with youth programs and all participants under the age of 18, must review a Concussion Training program.

Michigan Law requires all coaches, employees, volunteers, and other adults who are involved with youth athletic activities to complete concussion awareness training every three (3) years.

These requirements need to be completed before a team can be approved.

ALL certificates must be on file with USA Softball of Metro Detroit.

It will take approximately 30 minutes to complete and there is no cost. Once you have completed the course, you will be able to print a certificate. Please send a copy of the certificate.

Players:

All players must review the concussion requirements, then print and sign their name. This requirement also needs to be completed before a team can be approved. This requirement is valid till a player reaches his/her 18th birthday.

We would ask the head coach to submit all of the above items at the same time. Please do not send separately.
