

# Girls' Fast Pitch

## What's new for 2014...

### Michigan Concussion Law

Beginning June 30, 2013, Michigan lawmakers passed a law stating that all adults associated with youth programs and all participants under the age of 18, must review a Concussion Training program.

[Please click here for Concussion Fact Sheets.](#)

#### **Adults:**

All adults associated with youth programs must complete a training program that has been approved by Michigan Law. The two web sites are listed below:

<http://www.cdc.gov/concussion/HeadsUp/Training/index.html>

<http://nfhslearn.com/electiveDetail.aspx?courseID=38000>

Either of these sites will take you about 30 minutes to complete and there is no cost. Once you have completed the course, you will be able to print a certificate. Please send USAMD a copy of the certificate. At this time, you only have to be certified once.

If you have a certificate from either of the above listed web sites, this will satisfy the requirement. Your certificate must be on file with USAMD. ([dmtroshak@yahoo.com](mailto:dmtroshak@yahoo.com))

These requirements need to be completed before a team can be approved.

#### **Players:**

All players must review the concussion requirements, then print and sign their name. This requirement also needs to be completed before a team can be approved. This requirement is valid till a player reaches his/her 18th birthday.

#### **Concussion Form:**

This form must be completed by all adults and players, and then submitted to the USAMD state office by the head coach. ([dmtroshak@yahoo.com](mailto:dmtroshak@yahoo.com))

We would ask the head coach to submit all of the above items 'at the same time'. Please do not send separately.
